

First Revised Sheet No. 64
First Revised Sheet No. 70A
First Revised Sheet No. 71

Overthrust states that the purpose of this filing is four fold. First, to revise the preliminary statement; second, to explain that Overthrust's standard calibration cycle is quarterly, rather than monthly; third, to provide for notification, via electronic means, of a force majeure condition on the pipeline and fourth, to make a technical correction in § 5.2 of the General Terms and Conditions of First Revised Volume No. 1-A of Overthrust's tariff.

Overthrust states further that a copy of this filing has been served upon its customers, the Public Service Commission of Utah and the Public Service Commission of Wyoming.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

David P. Boergers,
Secretary.

[Docket No. ER98-3526-000]

Shamrock Trading, LLC; Notice of Issuance of Order

August 10, 1998.

Shamrock Trading LLC (Shamrock) submitted for filing a rate schedule under which Shamrock will engage in wholesale electric power and energy transactions as a marketer. Shamrock also requested waiver of various Commission regulations. In particular, Shamrock requested that the Commission grant blanket approval under 18 CFR Part 34 of all future issuances of securities and assumptions of liability by Shamrock.

On August 7, 1998, pursuant to delegated authority, the Director, Division of Rate Applications, Office of Electric Power Regulation, granted requests for blanket approval under Part 34, subject to the following:

Within thirty days of the date of the order, any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by Shamrock should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214).

Absent a request for hearing within this period, Shamrock is authorized to issue securities and assume obligations or liabilities as a guarantor, endorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of the applicant, and compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of Shamrock's issuances of securities or assumptions of liability.

Notice is hereby given that the deadline for filing motions to intervene or protests, as set forth above, is September 8, 1998. Copies of the full text of the order are available from the Commission's Public Reference Branch, 888 First Street, NE., Washington, DC 20426.

David P. Boergers,
Secretary.

Federal Energy Regulatory Commission

[Docket No. CP98-696-000]

Texas Gas Transmission Corporation; Notice of Application

August 10, 1998.

Take notice that on July 27, 1998, Texas Gas Transmission Corporation (Texas Gas), P.O. Box 20008, Owensboro, Kentucky 42304, filed an application in Docket No. CP98-696-000 pursuant to section 7(b) of the Natural Gas Act for permission and approval to abandon its North Elton System consisting of the North Elton 8"

Line, the North Elton-Daigle #1 4" Line, the North Elton-Reese 4" line, the North-LeDoux 3" Line and the Stanolind Oil & Gas Corporation (Stanolind) Meter Station in Jefferson Davis and Allen Parishes Louisiana, all as more fully set forth in the application on file with the Commission and open to public inspection.

Gas production to the North Elton Lines has been depleted for sometime; however, these lines could not be removed because of a contractual commitment to receive gas for ANR at the Stanolind Meter Station. On April 24, 1997, Texas Gas received approval in Docket No. CP97-288-000 to abandon the related transportation service for ANR, which was authorized in Docket No. G-10395. With the Abandonment of this transportation service, the facilities proposed to be abandoned herein are no longer needed.

Any person desiring to be heard or to make any protest with reference to said application should on or before August 31, 1998, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214) and 385.211 and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be
